

# WSEAS Transactions on Systems

Contents: 2010

Print ISSN: 1109-2777

E-ISSN: 2224-2678

Notice: As of 2014 and for the forthcoming years, the publication frequency/periodicity of WSEAS Journals is adapted to the 'continuously updated' model. What this means is that instead of being separated into issues, new papers will be added on a continuous basis, allowing a more regular flow and shorter publication times. The papers will appear in reverse order, therefore the most recent one will be on top.

**Impact factor according to the citations in Thomson Reuters (ISI Web of Knowledge) for 2014: 0,008**

Impact Factor =  $A/B$  where: A = the number of citations by Thomson Reuters (ISI Web of Knowledge) in 2014 for the published papers in this journal in 2012 and 2013. B = the total number of papers published by this journal in 2012 and 2013.

**Acceptance Rate (for the years 2013 and 2014): 23.26%**

Acceptance Rate =  $C/D$  where: C = the number of accepted papers, D = the number of submitted papers. Withdrawn Papers are not considered for the numbers C and D.
