RE: Request for review copy of books and/or proceedings listed on the attached page.

Dear Sir/Madam:

ISI® produces print and database indexes designed to provide easy access to the current literature of the sciences, social sciences, and arts and humanities.

I would appreciate receiving a **complimentary** copy of each title listed on the attached page to be evaluated for potential listing in one or more of the following:

- *Current Contents*® (Current Book Contents® section of one of seven multidisciplinary editions)
- *Index to Scientific Book Contents*®
- *Index to Scientific & Technical Proceedings*®
- *Index to Social Sciences & Humanities Proceedings*®
- CC® Proceedings (a monthly database option for subscribers to *Current Contents on Diskette*®, which includes authors' abstracts)
- *ISI Proceedings*

In these products, we present the tables of contents of important new titles and provide full publication and ordering information. We list only the most recent information for our subscribers, and accept books with copyright dates of the current or previous year. Scientific and technology proceedings are restricted to meetings held within the current and previous four years.

We cannot accept reprints, abstracts, manuals, or meeting brochures. We will notify you if your publication is accepted for coverage. **With explicit permission from publishers**, we will be providing document delivery of individual papers from proceedings that have been accepted for coverage.

I would appreciate it if you could send the indicated title(s) to ISI, Publication Processing Dept. at the address above. Please provide the **price and ordering information**. Should you need more information, please contact me by fax at 215-386-6362 or by phone at 215-386-0100. Thank you for your interest in ISI.

Sincerely,

Stephanie E. Jones
